This week, I had the honor of speaking to Vaishnavi T.V, listen on all [podcast](#) platforms on Friday at 11 AM EST.

In this enlightening podcast episode, we're honored to introduce you to Vaishnavi, a compassionate and dedicated Software Engineer whose journey is a testament to the power of collaboration, diversity, equity, and inclusion in the tech world.

With a passion for working collaboratively, Vaishnavi has spent her career championing the causes of DEI (Diversity, Equity, and Inclusion), neurodiversity, and accessibility. They firmly believe that by breaking down the silos that often hinder progress and encouraging open communication, teams can achieve remarkable things when they come together.

One of Vaishnavi's core values lies in the understanding that empathetic products and services can make a world of difference in people's lives. Her commitment to creating inclusive and accessible solutions that cater to individuals of all abilities is not just a mindset but a driving force behind her work.

Tune in as we explore Vaishnavi's journey, her insights into fostering collaboration, her advocacy for diversity and inclusion, and her unwavering dedication to making technology accessible to everyone. Whether you're a tech enthusiast, a professional seeking inspiration, or someone interested in technology's positive impact on society, this episode is a wellspring of knowledge and inspiration. Don't miss the opportunity to learn from and be inspired by the remarkable Vaishnavi!
